DURABILITY

LG professional devices give you superior durability and reliability thanks to **LG Inverter Direct Drive™** technology.

EFFICIENCY

LG professional washing machines are **ENERGY STAR** classified with the lowest water and electricity consumption compared to competing appliances of the same category.

FLEXIBLE INSTALLATION

LG professional dryers can be installed on top of a washer or a dryer.

Simple installation on an existing network – appliances have a 220 V connection.

The machines are adaptable to spaces – The washing machines have a drainage pumps so they can be connected to existing installations.

MONITORING & EASY SERVICE

LG App makes it easier than ever to do the laundry remotely. Monitor your operations remotely with the **LG management Web**. You can get real-time status updates and diagnose problems remotely.

HYGIENIC PROGRAMS AND FUNCTIONS

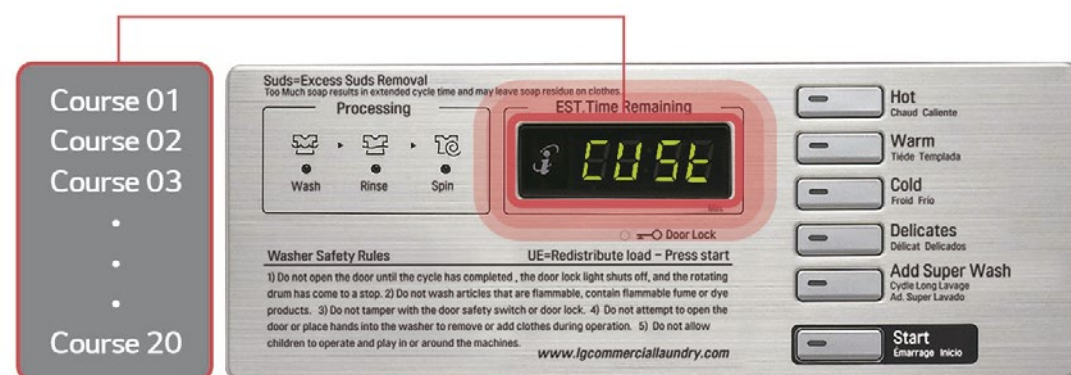

Pre Clean - quick, 3-minute Clean Tub Cycle to ensure the tub is sanitized and clean before they start their laundry.

Hygiene program - a customized program ensures complete disinfection and the best washing performance.

Intensive Tub Clean - sanitizes the tub by using the powerful wave force of water to get any residue off the tub surface, leaving the washer squeaky clean.

CUSTOMIZABLE PROGRAMS

Users can set up 20 of their programs

to optimize the washing process.

Setting the temperature, water level, program duration and spin speed ensures economical and gentle washing of protective clothing.

AUTO DOSING SYSTEM

LG professional devices are adapted for use in an **automatic dosing system**

Beside devices, as a complete solution, we can offer you:

- superior dosing pumps
- specially designed detergents for laundrettes.

USER-FRIENDLY APPLIANCES

The simple **intuitive interface** of LG professional devices makes it easy for users to quickly select different functions and programs.

SPECIALLY DESIGNED DETERGENTS FOR LAUNDRETTES

With LG professional appliances, we recommend **high-quality detergents** that are especially suitable for laundry.

Liquid detergents can be dosed automatically and adapted for fast washing cycles and low temperature programs.

Thanks to their hygienic properties, in addition to LG hygienic devices, they provide complete safety and cleanliness of the laundry.
